Two of the world's finest grands in one piano

CLAVINOVA CLP-500 SERIES

When the best of the best collides, a true grand piano experience awaits you with Yamaha's latest Clavinova CLP-500 series. Complex sample sets, painstakingly borrowed from Yamaha's flagship CFX concert grand, plus the magnificent Bösendorfer Imperial, offer a unique choice of sound. And with the Virtual Resonance Modeling, as well as string and damper resonance, the subtle nuances of a grand performance are at your fingertips. Meanwhile, realistic touch, synthetic ivory keytops and an escapement mechanism make this CLP Clavinova feels just like its acoustic counterpart.

In addition to high-level performance qualities, discover new ways for you to enjoy piano playing. From an abundance of piano lesson pieces to jazzing up your performances with rhythms, record your music pieces with a single touch and even transfer them to your computer. Now you can seamlessly play and review each session for improvements, and even share your performances!

Play with tremendous ease and flexibility with five new CLP models now available in a variety of finishes. It's true performance quality at its best.
